- All other terms will be applicable as per Oriental Group Policy

Cashless Process

Cashless means the Administrator may authorize upon a Policyholder's request for direct settlement of eligible services and it's according charges between a Network Hospital and the Administrator. In such case the Administrator will directly settle all eligible amounts with the Network Hospital and the Insured Person may not have to pay any deposits at the commencement of the treatment or bills after the end of treatment to the extent as these services are covered under the Policy.

Note: Patients seeking treatment under cashless hospitalization are eligible to make claims under pre and post hospitalization expenses. For all such expenses the bills and other required documents needs to submitted separately as part of the claims reimbursement.

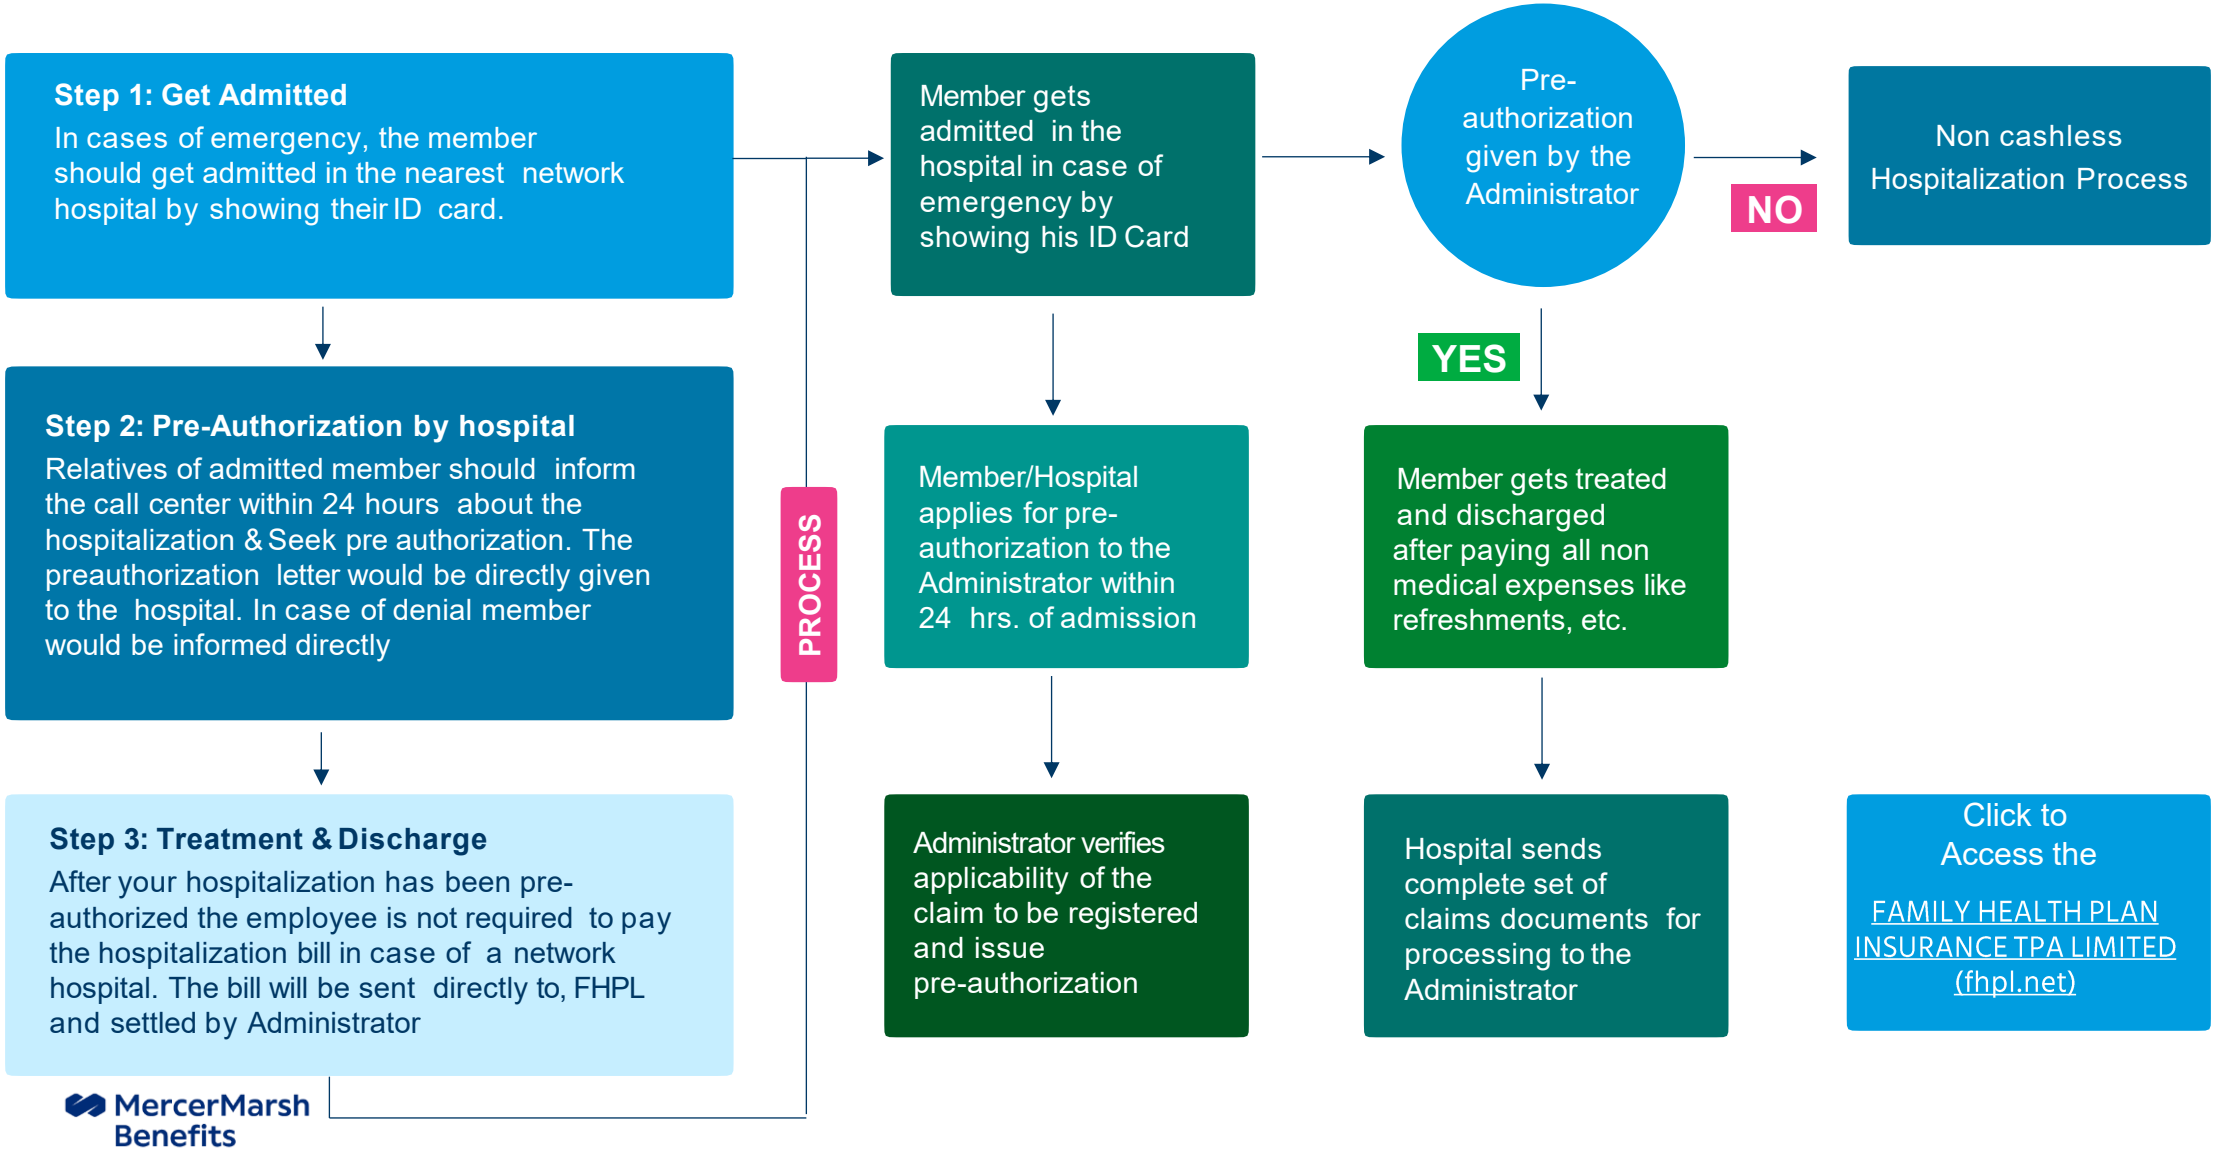

Hospitals in the network (please refer to the website for the updated list)

For Updated List visit to TPA link as below:

FAMILY HEALTH PLAN INSURANCE TPA LIMITED (fhpl.net)

MercerMarsh Benefits

Cashless Hospitalization - Emergency

MercerMarsh Benefits

Cashless Hospitalization - Planned

Step 1: Pre-Authorization

All non-emergency hospitalization instances must be pre-authorized with the Administrator , as per the procedure detailed below. This is done to ensure that the best healthcare possible, is obtained, and the patient/employee is not inconvenienced when taking admission into a Network Hospital.

Member intimates Administrator of the planned hospitalization in a specifiedpre-authorization format at-least 48 hours in advance

Claim Registered by the Administrator on same day

YES

Administrator authorizes cashless as per SLA for planned hospitalization to the hospital

Pre - Authorization Completed

NO

Follow non cashless process

Step 2: Admission, Treatment & discharge

After your hospitalization has been pre-authorized, you need to secure admission to a hospital. A letter of credit will be issued by Administrator to the hospital. Kindly present your ID card at the Hospital admission desk. The employee is not required to pay the hospitalization bill in case of a network hospital. The bill will be sent directly to FHPL, and settled by Administrator

Member produces ID card at the network hospital and gets admitted

Member gets treated and discharged after paying all non entitled benefits like refreshments, etc.

Hospital sends complete set of claims documents for processing to Administrator

Please Note: At the time of discharge when the Administrator receives the final bill, they try to renegotiate with the Hospital for a better price. Hence it may take some time for Administrator to revert back with final approval. This exercise checks the hospital to overcharge you and helps keep your sum insured utilization optimized for any future exigencies. Please be patient

Claims Processing & Settlement by Administrator & Insurer

Non-Cashless Process

Admission Procedure

- In case you choose a non-network hospital you will have to liaise directly with the hospital for admission.
- However you are advised to follow the pre authorization procedure to ensure eligibility for reimbursement of hospitalization expenses from the insurer.

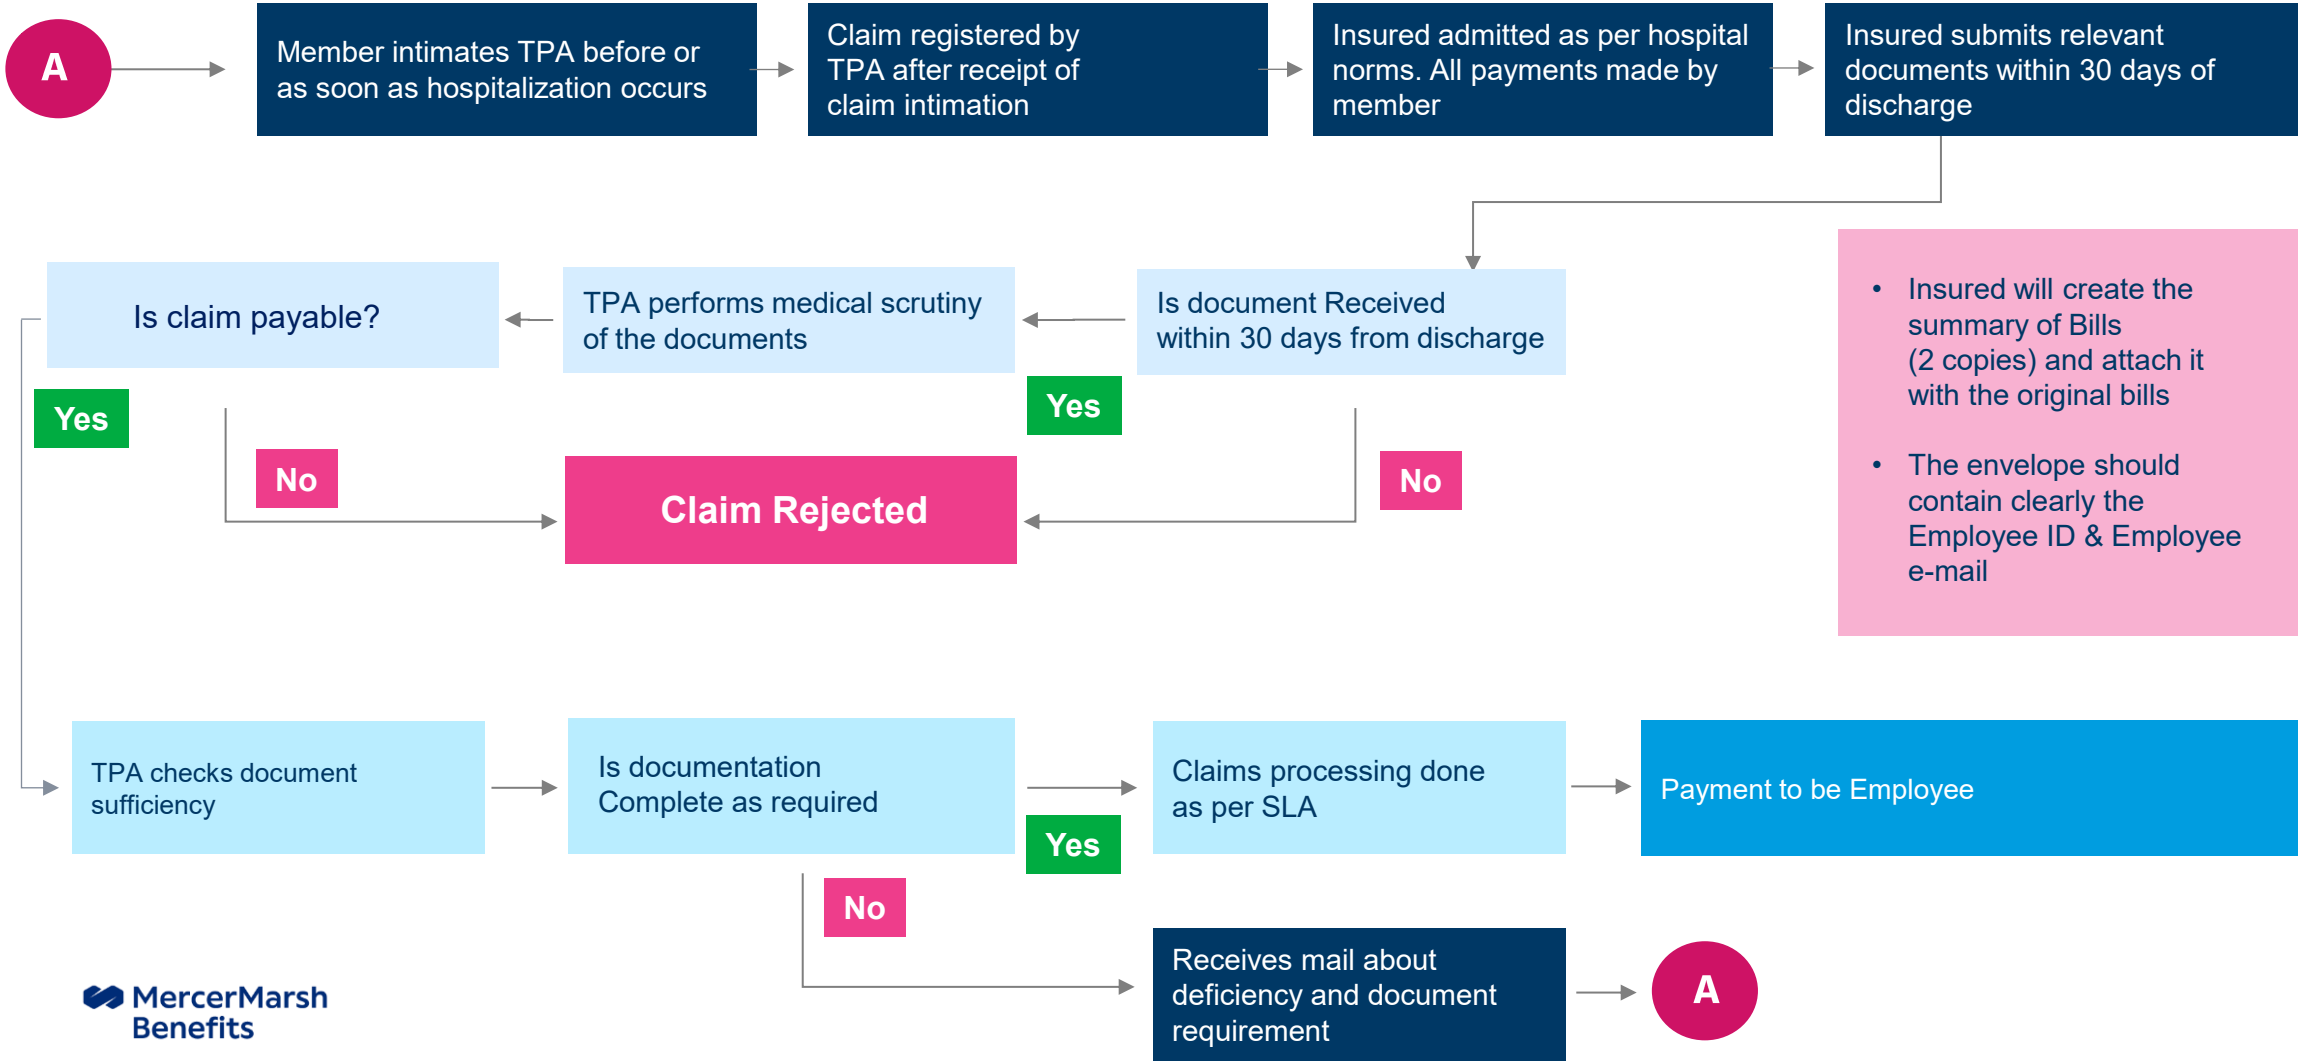

Discharge Procedure

- In case of non network hospital, you will be required to clear the bills and submit the claim to TPA for reimbursement from the insurer. Please ensure that you collect all necessary documents such as - discharge summary, investigation reports etc. for submitting your claim

Submission of Hospitalization Claim

- You must submit the final claim with all relevant documents within 30 days from the date of discharge from the hospital.

Non-Cashless Process

MercerMarsh Benefits

Claims Document List

- Completed Claim form with Signature
- Hospital bills in original (with bill no; signed and stamped by the hospital) with all charges itemized and the original receipts
- Discharge Report/Certificate/card (original)
- Attending doctors' bills and receipts and certificate regarding diagnosis (if separate from hospital bill)
- Original reports or attested copies of Bills and Receipts for Medicines, Investigations along with Doctors prescription in Original and Laboratory
- Follow-up advice or letter for line of treatment after discharge from hospital, from Doctor.
- Provide Break up details including Pharmacy items, Materials, Investigations even though it is there in the main bill
- In case the hospital is not registered, please get a letter on the Hospital letterhead mentioning the number of beds and availability of doctors and nurses round the clock
- In non- network hospital, you may have to get the hospital and doctor's registration number in Hospital letterhead and get the same signed and stamped by the hospital, if required
- Neft details : Cheque copy of employee

*Please retain photocopies of all documents submitted

Optimal Utilization of Benefit

- Health Insurance is a benefit for the employee and their dependents. One has to utilize the benefit with utmost caution and prudence
- The ever increasing cost for the benefits require a proactive involvement from all of us
- The following steps are recommended, ensuring the benefits is prudently utilized by the employee and dependents

Please ensure to crosscheck the final bill sent to the TPA for the following:

- You are Billed only for the services utilized for e.g. category of room, diagnostics undergone, medicines consumed
- Total of the bill
- In case of any planned hospitalization, approach the hospital in advance (48 hrs.) and request pre-authorization this enables TPA to further negotiate the rates
- To approach hospitals with caution - most expensive is not necessarily the best
- To cross check the tariff with the Bench Mark Rates provided - the benchmark rates would give an idea
- The general spend for the treatment or procedure
- Try to negotiate
- Ask WHY & WHAT is billed to you (as a consumer, we have the right to know)
